WATER VOLUME and speed of the Fox River was being measured by this man from the U.S. coast and geodetic survey from its Madison, Wis., office late last week as that stream continued to rise at the Wilmet bridge. This scene is taken on the span at about midstream. The water was about 3 feet deep over the Wilmet dam at the crest of the flood whereas normally it is about 3 inches deep, giving some idea of the contrast in water volume. Shown here is Dan Erickson with his instruments. (Antioch News photo)

Road Repairs Major Topic At Antioch Town Meeting

Residents of the Ackerman road area in rural Antioch Township were told they should petition for road improvements and a vote on such work then would be necessary before such a job was started.

The annual town meeting held in the Antioch village hall recommended that road improvements be made, although a tax increase was seen as the only solution to financing such work.

Ackerman road and Indian Point residents were told that surveys are being made for road improvements in those districts.

An estimate of the cost will be made before any job is started, so people will know these facts.

In other business, the town meeting authorized the town board to look for land on which to build a town hall.

This followed considerable discussion on the matter, including a suggestion that land on which the township library stands be used. Library trustees have pointed out that library facilities even now are crowded.

It was suggested that a combined library and town hall might be

erected. The township owns land from Main st. to the baseball field.

Town officials pointed out that space would be needed for a district court if one is established in Antioch under new state laws, as it may be. In addition the town offices would be consolidated in one building, they said.

A referendum would be needed to purchase land and erect a structure.

A report on tax receipts and town disbursements was heard after which the 30 persons present approved a levy to raise \$10,000 less than this past year for the general town fund. This is due to funds being on hand.

There will be no township levy on the general assistance fund and the library levy will be \$15,025.

The town meeting also approved putting town employees under federal social security, by a vote of 28 yes, 2 no, and 1 spoiled ballot.

Two Teachers Are Awarded Scholarships

Elmo Edwards and Harrison Brown, science instructors in the Antioch Township high school, have received scholarships to the 1960 National Science foundation summer institute.

The growing importance of science and technology makes it important that the senior high school science teachers be able to provide sound training and guidance for their students.

This includes both those who may become professional scientists and the others, while not undertaking science as a career, will be living in a technological world of growing complexity.

This is the second year that Edwards, science department chairman, has received a scholarship to the institute. Last summer he attended a physics training program at Bowdoin College, New Brunswick, Me.

This year, Edwards will attend the University of Nevada to take special studies in the areas of physics, mathematics and chemistry.

The financial stipend will enable him and his family to remain on the University of Nevada campus at Reno for eight weeks—June 20, to August 12.

Brown, instructor in biology, will attend the University of Rhode Island with his family in a six week course of study in the biological sciences.

This will be the first summer for Brown to participate in the National Science foundation program.

He will attend the University from July 5 to August 12, 1960.

Slight Drop in Flood After Record 'Crests'

By Henry Green, Editor

The 1960 flood of the Lakes country was passing into history this week as water receded from record highs in the streams and lakes near Antioch.

Water levels in the lakes near the village were at the highest in the memory of local residents.

Possibly as many as a hundred people had to evacuate their homes for a day or more and countless more moved furniture, clothing and other household goods to higher places in their homes to escape the water.

No one was reported seriously hurt as a direct result of the flood, although a youth riding in a car Saturday night that swerved off route 173 west of Antioch was taken to a Waukegan hospital for treatment.

The vehicle landed in a pool of water backed up at least in part by the high level of water in the lakes nearby.

Two other youths in the vehicle were less hurt, although one reportedly was soaked to the skin by the water.

HIGH WATER started a week ago this Wednesday and reached its peak in the river area near Antioch some time Sunday night or Monday. The Fox river at the route 173 bridge held steady Monday after rising Sunday night.

The lakes, however, apparently were holding their own or perhaps still rising in places, especially "down stream" in the Chain O' Lakes district as the crest moved toward Fox lake, Pistakee lake and down the Fox river to McHenry.

There apparently was some drop in the water level in Lake Marie and its channels by Monday morning but people living in the Grass lake, Bluff lake and Petite lake districts reported high water was still with them.

Water was still over Lake avenue in the Channel Lake district north of route 173 just before going up the hill and homes there were surrounded by water. Vehicles were going through—but slowly.

Some homes on the south side of route 173 in Channel Lake also were surrounded by water as were those in the Fox River Springs subdivision north of route 173 at the Fox river bridge.

The small channel that goes into Channel Lake near the Channel Lake school was still running full Monday morning although ice that had been in the channel late last week has disappeared.

ICE FISHERMEN (or ladies) didn't seem bothered by the fact that Saturday was a warm day and the lake water was rising for they continued at their sport in Channel lake during much of that day and on Sunday.

Roads in the flooded regions and elsewhere where frost had gone out of them were in poor condition this week. The state, county and township were rallying to help put them back in shape.

Sunday thousands of people poured out into the lakes region to view the flooded areas, causing

route 173 to look much like a city street at times.

Sequoia Harbor where a boat house-restaurant was under water to a depth of many feet was a prime target of eyes. Many also stopped at the bridge across the channel going from Channel Lake into Lake Marie.

At the latter spot several boat houses were threatened if not inundated.

The owner of one told the Antioch News his greatest fear was wind (continued on page 5)

CHANNEL LAKE—Jerry Schultz of Trevor, Wis., was badly injured in an accident on Route 173 near Chase's Service station at about 11 p. m. Saturday, April 2.

The car in which he was riding went out of control and overturned in a deep ditch. The other two occupants of the car, Jack Boyd and Jack Ladewig of Antioch, received lesser injuries.

The car was completely wrecked. Schultz was thrown from the car, and those at the scene were unable to find him at first. He was finally located floating in the water near the wreck.

Schultz was in critical condition. Ladewig hospitalized with a back injury and Boyd received lesser injuries.

Red Cross Aids Flood Victims

FOX LAKE—The Lake county chapter of the American Red Cross this week opened a branch office in the village hall in Fox Lake to take care of people and families in need of help as the result of the floods.

This office will be open daily from 9 a.m. to 6 p.m. and may be reached by phone by calling the Red Cross at Fox Lake, or in person.

A spokesman said Tuesday that the Red Cross is ready to assist flood victims in many ways, such as food, clothing and shelter. It also will help those needing cleaning material for homes and will assist in planning building repairs.

Experts in building repairs are available, but it will be up to the people themselves to do most of the actual work.

Mrs. Turner Selected Oakland PTA President

(See picture, page 2)

The Oakland Grade school PTA meeting and spaghetti supper was held Monday, April 4, in the school building.

A capacity crowd was served and the children enjoyed showing their classrooms to their parents during this open house period.

Election of officers took place, with the following officers being voted in: Mrs. O. W. Turner, president; Mrs. Robert Chandler, vice-president; Mrs. George Ptack, treasurer, and Mrs. Robert Wilton, secretary.

Lindhurst Shop Center Work Begins

LINDHURST—First spadeful of ground for the new Lindhurst shopping center was turned over by President Bob Randall of the Lindhurst village board Tuesday morning before about 50 men, women and children.

The event signaled the formal start on construction of the large block of stores on Grand avenue east of the Shell service station.

Parking space for several hundred cars will be available. One of the first stores signed up for the shopping center was Piggly-Wiggly.

Construction of the place had been delayed by weather and prospects this week were there might be further delays of actual work due to the soft ground. Workers had been scheduled to start Monday morning.

Men were out on the area Monday morning and afternoon staking out the site and there was some equipment parked nearby.

The center when completed in about six years, according to present plans, will extend for about 1,000 feet along Grand avenue.

Among those attending the ceremonies Tuesday morning were Al Hart and Mrs. Georgia Mathias, village trustees; Ray Johnson of Woodland Construction Co., and Thor Neumann of the Shell service station.

Antioch fire district crews were called out Wednesday morning to battle a grass fire near the Maleck store on the Grass Lake road.

Two elections of no little interest to Antioch and vicinity will be coming up in the next few days.

First will be the selection of school board members for six grade school boards and Antioch Township high school board on Saturday, April 9.

Next Tuesday comes the primary election throughout the state of Illinois to nominate candidates for county, state and congressional offices.

Antioch grade school district voters will choose between Elroy K. Anderson, Leslie W. Sorenson, Harold E. Gardiff, Sr. and Roy C. Truelsen for a pair of three year terms.

Anderson is seeking re-election while incumbent Charles Wertz decided not to file.

Antioch Township high school district people will vote for either Mrs. Marie D. McLelland or Lester Boyd Osmond for a two year term on the school board. The winner will succeed A. W. Seekatz, who has resigned.

Candidates for 2 three-year terms are incumbents Robert Denman and Milburn Cain. Opposing them are Mrs. Mary Chase and George Bartlett.

Two board of education members will be selected in the Grass Lake district. Candidates are Robert H. Hart and Charlotte Queen. They would serve three years.

Channel Lake school district will choose between John R. Eckert, Richard C. Harland, Russell Roerick voters will caucus immediately for two places on the board. The two would serve for three years.

No opposition is in prospect for incumbent board members in the Lake Villa-Hooper district where Herman J. Wolff and John J. Brandt are candidates for re-election.

Hickory and Emmons school district voters will caucus immediately before the polls open in their respective schoolhouses to nominate candidates.

Voters will ballot at Hickory school between 2 and 4 p.m. and at Emmons school from noon to 5 p.m. Polls will be open at Channel Lake, Antioch Grade, Grass Lake and at three places for Antioch Township high school from noon to 7 p.m.

Oakwood Knolls Sewage System Delay Is Seen

Installation of a sewage system in Oakwood Knolls subdivision will depend on when the present Antioch village sewage disposal plant can be enlarged; a group of residents from that area was told Tuesday evening.

They had appeared before the village board at its monthly meeting to ask what progress was being made toward installing sewers in that subdivision.

Board members explained that the present plant must be enlarged and that project is being delayed because land needed for this is not now available for purchase.

Condemnation proceedings are planned to acquire such land.

In other business Tuesday night, the village trustees approved a tentative plat for land between North Ave. and Depot Sts., east of Murrill Cunningham's place.

The plat was submitted by Cunningham and Mary Rose Griffin. It extends for about 600 feet along North Ave. and goes south about 2,700 feet.

Paving of Ida Avenue, as planned by the village, may be delayed because of lack of funds. The board pointed out that due to the weather more work may be needed on village streets than foreseen earlier.

A special meeting of the village board was called for Friday, April 29, to consider year end reports and bills and to issue liquor licenses.

SENIOR PLAY CAST and assistants at Antioch-Lake Villa high school is shown here as it posed recently between rehearsals of the play "Dino" to be presented at the high school auditorium at 8 p.m. Friday and Saturday, April 8 and 9. There is still time for active workers to enter the contest and work toward the grand prizes.

News readers are urged to contact their favorite candidate now and buy their subscriptions. Or come in to the Antioch News office in Antioch or to the Lake Region News office at Silver Lake, Wis., to subscribe.

DEAR READER News Editorials

Your Vote Is Needed Saturday

Last week we urged the citizens of Antioch and vicinity to cast their votes Tuesday, April 12, in the primary election that will decide candidates in each major political party for offices in the state, nation and county.

This week we re-echo those sentiments and add some more. Saturday, April 9, will be another big day on the election calendar for on that day voters will decide on who will serve them on school boards.

School districts holding elections include Hickory, Emmons, Antioch Township High School, Antioch Grade School, Grass Lake, Channel Lake and Lake Villa-Hooper Grade Schools. Oakland school is a part of the Antioch Grade School District.

Elroy K. Anderson, Leslie W. Sorenson, Harold E. Cardiff Sr. and Roy C. Truelsen have filed for two 3-year terms on the Antioch Grade School Board of Education. Anderson seeks re-election but incumbent Charles Wertz did not file for re-election.

Antioch Township High School Board of Education candidates (one position) are Mrs. Marie D. McLelland and Lester Boyd Osmond for a two-year term.

Seeking a three year term (two places) are Robert Denman, Milburn Cain, Mrs. Mary Chase and George Bartlett.

All four candidates are sincere and their qualifications satisfactory. With the problems the high school board must face in the next year the district would be better off, with the experience and particular knowledge gained by reelecting the incumbents Denman and Cain.

We hope the voters of the district agree.

Your Help Is Needed

Our Antioch Chamber of Commerce Monday night completed plans for a Spring Clean Up-Paint Up-Fix Up campaign.

The co-operation of the fire department, the grade schools and the high schools have been enlisted.

Check lists will be circulated throughout the grade school students in an effort to get everyone to help.

While you probably see the benefit of spring cleaning and renovating in your own home, perhaps you wonder about the effectiveness of our present community beautification program.

Provided everyone cooperates, what will we gain? Even this partial list will most likely surprise you:

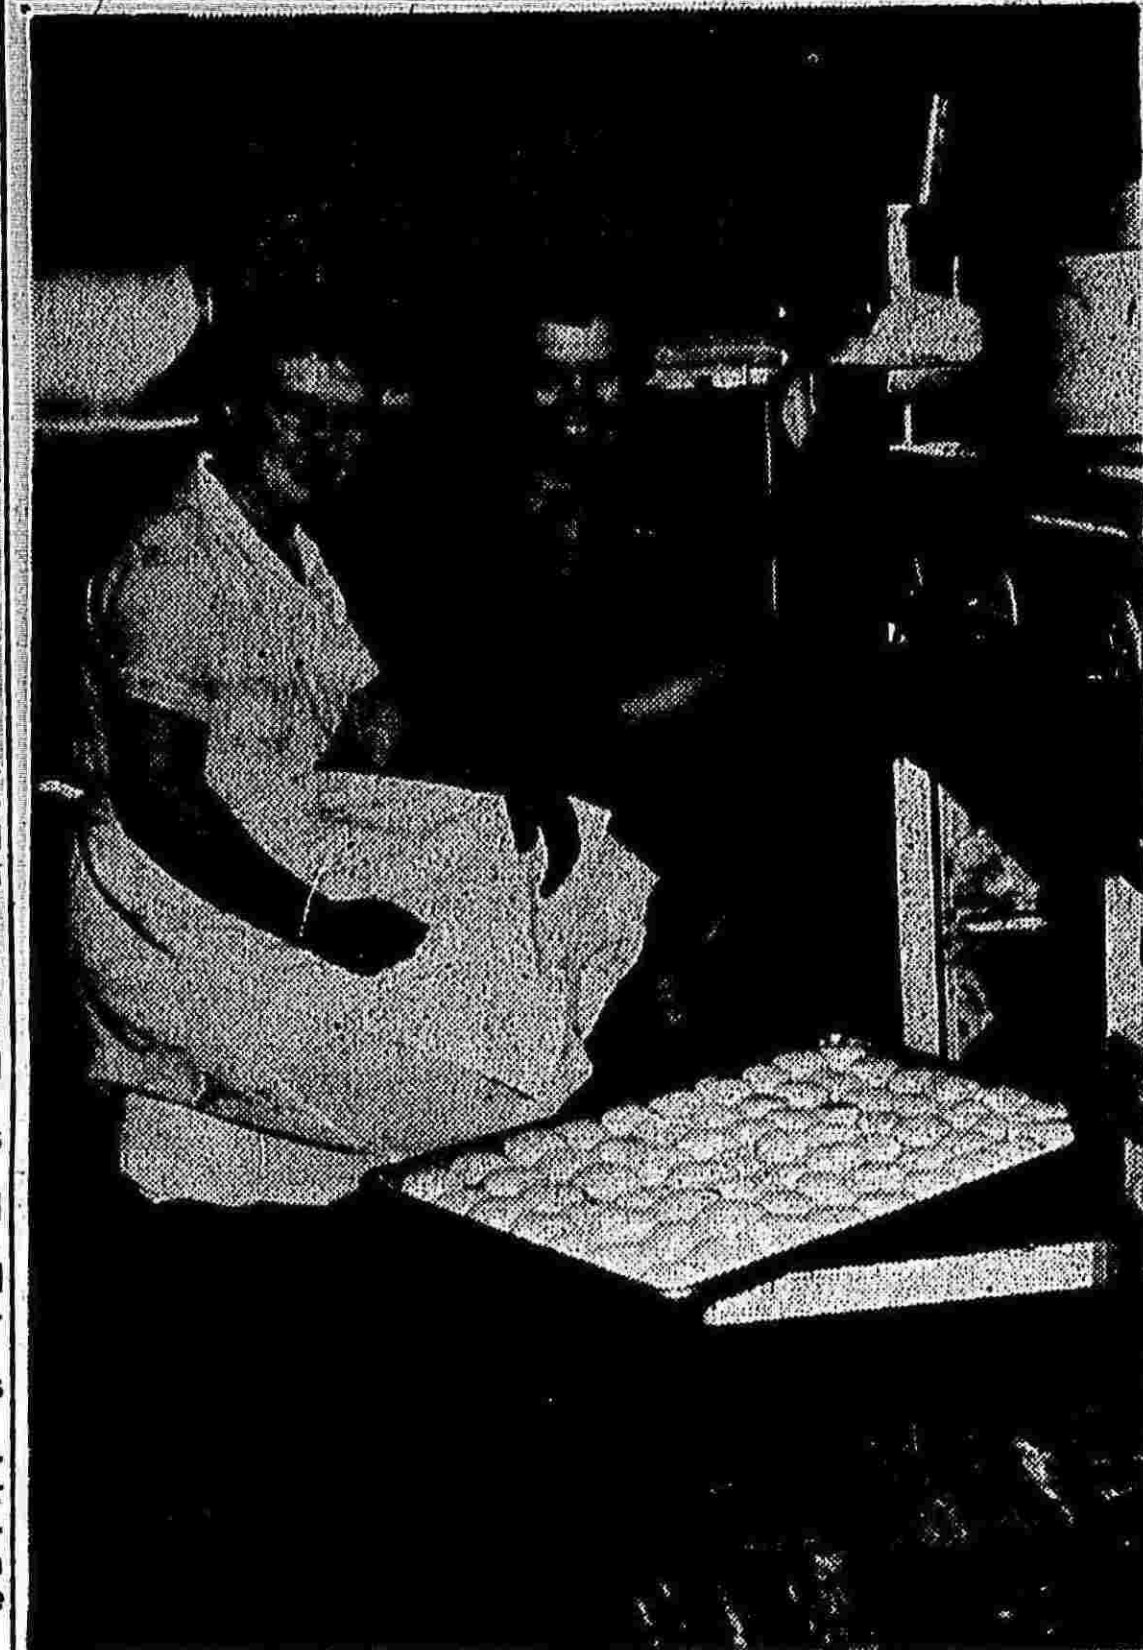

Development of community spirit, reduction of fire losses, instruction in good housekeeping, respect for property, vacant lot improvement, promotion of safety, discouragement of crime, citizenship course for children, improvement of employee morale, Clean Up supports business, stabilizes, restores, and increases the value of real estate.

How do we win? In every way that will contribute to our safety, health, and general well-being.

It's up to you — if you, and you, and you support the campaign, we'll all benefit, individually and collectively.

Clean Up-Paint Up-Fix Up — It's a winning proposition.

Girl Scout Troop No. 6 Plans Bazaar April 9

(Contributed)
The Easter Bunny has been working overtime at Grass Lake Girl Scout Troop 6.
The girls, their mothers and lots of just nice people who are willing to help, are busy preparing for their bazaar which will be held Saturday, April 9, at the Lyons-Ryan Ford agency.

All sorts of nice gifts and Easter items are in the making—little clowns, purses for the tiny tots, aprons, pajama bags and some delicious baked goods.

These will go on sale promptly at 9 a.m. and will be sold until approximately 3 in the afternoon. Be there early to choose some really lovable things.

Money the girls earn by this forthcoming endeavor, will be spent on a tour or trip, to be planned some time in June.

When they see how much they earn, they can plan how far they can go.

Woman's Club Members Tour Avon Co. Plant

Thirty-eight members and guests of the Antioch Woman's club visited the Avon Products company at Morton Grove Monday, April 4, on the club's annual tour.

The Avon company divided the visitors into groups of six and took them into the entire plant.

Not all the cosmetics of Avon are made at Morton Grove. However, tubs of cream, nail polish, talcum, hand lotions and the order and shipping departments were seen.

One of the items impressing the club, was the painting of the brand name on each bottle individually and then seeing the bottle baked, a process similar to china making.

All on the tour signed the guest book and were given cosmetic samples.

The entire group had luncheon in a private dining room at Dahl's Morton House.

Thursday, March 31, eight members of the Woman's Club went to the Wilmette Woman's club for the 10th district meeting.

This was a luncheon and style show, judging of fashions entered in the sewing contest, being the main feature of the meeting.

Modeling—all members of St. Peter's—were Mrs. Barbara Feht, Mrs. Rudy Eckert, Mrs. Walker Lyons, Tess Weber, Mrs. Larry Ryan, Mrs. Donald Gaa, Mrs. Bernard Osmond and Mrs. Henry Cory. After the "Show," guests were invited to try on the hats.

Members were asked to remember the date May 16, the benefit luncheon to be held at Smart's Country House for the Sisters of St. Peter's school.

April birthdays were celebrated and coffee was served by Mrs. John Roach and her committee. An interesting centerpiece was the hat box, model and hat of paper in Easter colors, made by Mrs. Henry Apostol.

breaking up the ice in Channel lake, causing it to "flow downstream" into his building.
LINDEN LANE on the north side of route 173 at the same channel was inundated to a depth of several feet and many homes were surrounded by water if not inundated themselves.
Friday, Saturday and Sunday the "crossing" on Lake avenue in Channel Lake where late last week water poured into a channel toward Channel lake and later became a solid mass of water, also

drew many spectators.
One home near the Channel Lake school had to be abandoned as waters from the channel flowing by it got the better of three pumps Saturday morning and the flood poured into the home's basement.
The basement contains the home's heater and also had several mechanical tools and household goods. All but the heater were moved to the main floor and apparently escaped any real harm.

Traffic at the upper end of Lake avenue in Channel Lake north of the water flowing across the road had to go through Wilnot and Trevor to reach Antioch if they didn't wish to negotiate the flooded road.
SILVER LAKE, Wis.—Waters in Southern Wisconsin dropped by last Saturday so that roads in the rural Kenosha county area once again were pretty much free of floods.

Camp Lake was all but isolated for a couple of days last week and even as late as Friday one road to it was still under water.

Water covered small portions of the highway leading from Silver Lake west toward Bassett and Twin Lakes in two places near the Fox river.

Hundreds of homes in the rural areas were surrounded if not inundated by flood waters.

Many families were forced to flee along the Fox river near Silver Lake. People were urged to boil their drinking water to help avert disease.

Wells in the flooded area could be contaminated by flood waters, Dr. Robert Smick, health officer for Salem Township and for Silver Lake, said.

The road from Wilnot to Silver Lake along the Fox river was inundated for several hundred feet and the Wilnot Lutheran church was threatened before sandbags and pumps were put into use.

No injuries of any serious nature were reported by people in the area.

Roy Westhoff last Saturday in the 12 o'clock bowling league rolled a 205 game in the Bantam loop. He is 12 years old. This 205 is considered unusually good for a youngster.

Reasoning of Candidates County Office Seekers Tell Us 'Why'

Lake County primary election candidates are turning into the stretch—and running for some of the darndest reasons.

Fifteen men and three women running in the April 12 Lake County primary (a 19th candidate was unavailable) recently were asked: "Why should you be elected?"

Here are the offices, the candidates, and the reasons in strongly Republican Lake County.

Two Republicans and three Democrats, including two housewives, are running for recorder. Gustaf F. Fredbeck, veteran of many years in the job, died Sept. 18, 1959.

Frank J. Nustra, 50, a Highland Republican appointed to fill the vacancy created by Fredbeck's death, formerly county treasurer: "I believe I'm well qualified in legal descriptions and county government."

"That has a lot to do with it. Since becoming recorder of deeds I've been instrumental in putting in a few new methods. I feel that

I've been a hardworking and deserving Republican. I think I've put myself out for these other people at dinners and picnics and meetings. I feel that deserves a little consideration."

Harold R. Edwards, 42, a Waukegan Republican now in the real estate business, for six years deputy recorder: "Only because I have the experience and can be of service to the people of Lake County."

Mrs. Viola Slaughter, 64, a Round Lake Beach housewife and Democrat: "I think I can do a good job at it and we need a two-party system in Lake County. I've had experience with the public, as buyer for a hotel and an undergraduate nurse."

Mrs. Myrtle Magee, 52, an Ingleside housewife and a Democrat, formerly a librarian in Chicago for 18 years:

"I definitely feel that I am not a hand-picked chess man. I think that's what the opposition in Lake county has been giving us. A librarian naturally has training to the minutest detail. I've handled the public."

Charles Lucas, 67, a Fox Lake Democrat and retired former labor organizer, now president of the State Taxpayers Voters League Inc.:

"I can't see anybody on the ticket right now that could draw the vote I could draw. I have two women running against me—they mean well—they're Democrats. My experience had all been business. I've owned, bought and sold property."

Another contest is for county auditor. Robert J. Pearsall is retiring this year after serving seven four-year terms. Three Republicans and one Democrat want the job.

John Darrow, 47, North Chicago city clerk and a Republican:

"I need the job. I'm in politics and I feel the experience I've received as city clerk qualify me as Lake County auditor. It would actually be a promotion."

Wesley F. Koehler, 52, Waukegan Republican and county purchasing agent for 13 years:

"I think I'm the best qualified of the three. The purchasing department and the auditor's office must work very close together."

Hans R. Hanson, 41, a Republican from Round Lake and owner of an advertising and commercial art business:

"I feel I'm better qualified than the others. I've operated my own business for over 15 years. That means business administration, the keeping of books, and so on."

Philip A. Kal, 32, Highland Park Democrat and a public accountant for 10 years:

"I think they need a professional in the job. I was approached by the party to run. I was called one night by the chairman of the slating committee."

Lyman J. Wilnot retired Jan. 1 as Circuit Court clerk after 35 years in office. Two Republicans and one Democrat are seeking the post.

Mrs. Stephanie Sulthin, 48, a Lake Bluff Republican and chief deputy

clerk since 1944, now acting clerk: "I think I am very qualified for the office, having had the experience. I have made it my life's job and I would like to keep it."

Frank L. Watt, 57, Highland Park Republican and deputy county clerk for 10 years:

"The office that I am in is a stepping stone to the office that I seek as a good Republican worker."

Joseph E. Ireland, 63, an Ingleside auto parts stockman, and a Democrat, formerly deputy bailiff of Chicago Municipal Court:

"I know a lot about records and I think I could fill that office well. I'm a good staunch Democrat and they need Democrats there."

Robert H. Babcox, 32, Republican county coroner from Grayslake, is one of two incumbent Republicans seeking re-election. Babcox was first elected coroner in 1952. He's running because:

"Why shouldn't I? The old standard reasons. After all, I've had experience in office—eight years' experience. I'm without a doubt qualified."

Two other Republicans and a Democrat would like to become coroner.

Melvin C. Mullins, 48, a Republican of Round Lake and Deerfield policeman on leave who is assistant supervisor in Avon Twp.

"I've had 10 years of police experience and during that time investigated many unusual and violent deaths, which goes into the coroner's work."

"I've had 30 years of public service in Lake County with 100 per cent Republican voting and working record."

Francis L. Griffith, a Republican from near Fox Lake and custodian of Chain-O-Lakes State Park:

"I haven't had actual experience in the office. I thought to better myself. We have to have a step up in politics."

William Gyzen, 35, Waukegan Democrat and funeral home assistant:

"I really didn't have any intention of running. The party came to me. I think I am qualified from six years of police work in Waukegan and elsewhere and three years at the funeral home."

Bruno W. Stanczak of Libertyville is the only unopposed Republican. Stanczak is seeking reelection as state's attorney. He was in Florida on vacation and unavailable for comment.

Two Democrats are after their party's nomination as prosecutor.

Charles A. Sheridan, 41, of Lake Forest, a lawyer in private practice:

"I believe the Democratic party, being the minority, could do a much better job in the prosecution of the people's justice because there would be no untoward influences by people of the majority."

Donald T. Morrison, Jr., 31, of Deerfield, a civil-trial lawyer for four years:

"The state's attorney has to be a prosecutor. As a prosecutor he has to be a trial lawyer. I had extensive criminal work in the Navy."

Red Cross Fund

Arsene J. Denoyer, chapter chairman, and Joseph C. Emma, general fund chairman, of the Lake county chapter of the American Red Cross, issued a joint statement this week that the 1960 Red Cross fund drive will be continued until it is successfully completed.

Denoyer said, "This extension is necessary in order to raise the funds required to continue the 15 Red Cross services available to Lake County."

"Unless the fund goal of \$140,125 is met it will be necessary to curtail some of these services and discontinue others."

"So far," Emma added, "We have only raised \$35,776.17 of the necessary funds. I personally add my appeal to all Lake Countians to support their Red Cross. If you have not been contacted by a fund worker, mail your contribution to the American Red Cross, c/o Postmaster, Waukegan, and do it today."

William Schroeder, Grayslake Times, Grayslake fund chairman for Antioch, Grant township, and Lake Villa reminded residents that the fund goal has not been reached in any of these areas.

Antioch has raised only \$83.75 of a \$1,686 goal, Grant township has raised \$40 of a \$467 goal and Lake Villa has not reported any contributions to the \$1,050 sought there.

Reserved Season Ducats Available For Wilmot Races

The Kenosha County Fair Association and Jim Smith, general manager of Patenjim Auto Racing Inc., announced this week that reserved season tickets have been made available for the modified stock car races at the Kenosha County Fair grounds Speedway, Wilmot, Wis.

Due to the increased popularity of the modified stock cars at the Wilmot oval, numerous race fans have been requesting season tickets in a reserved area of the stands.

Holders of a reserved-season ticket will be assured of a seat at each of the 17 race dates scheduled.

"As far as we can determine this has never been done before on a quarter mile track but because we are interested in our customers we will give the plan a good trial," Smith said.

He emphasized however, that in order to keep a large number of general admission tickets available the offer of reserved-season tickets will be limited.

It will be to the benefit of the fans wanting the season tickets to act quickly. Mail order blanks are available at the offices of the Antioch News and Ray's Shell Service in Antioch, or at Wilmot's old hotel tavern, in Wilmot.

Family Evacuated At Libertyville Visiting At Lindenhurst Relatives

By Mrs. Bernice Bernau
Phone Ellet 6-5449

LINDENHURST — Dolores and Ronald Auth and their eight year old son, Ricky, are staying with Mrs. Auth's parents, Mr. and Mrs. Ray Hruska of Sprucewood lane, since they were evacuated from their home last Thursday, on Arlington drive in the Libertyville Estates division.

When they arrived home from work last week Wednesday evening, they weren't able to drive up to their home, due to the DesPlaines river overflowing. They finally were able to get to their home by climbing over fences. Thursday morning they had to use a canoe they owned, to leave their home.

The family wasn't able to take very much with them at the time. Mr. Auth put all the furniture up on wood blocks when he left Thursday night.

The water was up to the door sill by then. Saturday afternoon when they went back to the house again to get some clean clothes, the wind was so strong, Ron had to push the canoe by walking in water up to his arm pits.

Luckily the water hadn't gone into the house. Many of their neighbors are staying at the school house there as they have nowhere else to stay.

The Auths have resided in Libertyville since last September. They are very discouraged, but it may help them to know that their friends and neighbors over here are very concerned for them.

Mr. and Mrs. Norman Vanderburg and Mr. and Mrs. John Miller of Chicago, came out Saturday evening to see the play "Desperate Ambrose," that their friend Bob Smith of Pinecrest lane, was in.

Dorothy's sister and her family, Mr. and Mrs. Chester Sawyer, Ellen and Patty, also of Chicago, stayed over the weekend.

After the play, they all went back to the Smiths' home for coffee and a special cake, appropriately decorated for the occasion, "Congratulations, Ambrose, Homer the Kid."

Mr. and Mrs. John Mateja of Longmeadow drive also joined the party.

A couple of proud grandparents are Mr. and Mrs. Eugene Johnson of Longmeadow drive. Their daughter, Lois, of Bensenville, gave birth to her second son Monday, March 28. They named him Russell E.

Not wanting to hurt either grandfather by naming him after him, he was just given the initial E. Lois' husband is Marvin Schultz and her first son is Steven. The Johnsons have a son Bob, at home with them.

Mrs. Johnson stayed at Lois' home Friday and Saturday to help out, when she came home from the hospital with the baby.

Mr. and Mrs. Barry Kleban of Longmeadow drive attended the 20th wedding anniversary party at the home of Barry's aunt and uncle, Mr. and Mrs. Lou Feldman of Maywood, April 2. Mrs. Feldman had a buffet supper for about 50 guests

showed colored slides and gave a talk on planting of bulbs.

March 24, boys of Cub Scout Pack 84, received their Bobcat pins at the Lake Villa school. The boys are William Flannigan, Bruce Frontz, James Gawronski, John Kleffner, Robert Hunt and Terry Vaughn.

Bob Russ who has been bowling with Thor's Shell Station, has been in the hospital for four weeks. Since he is unable to bowl, Everett Standiford of Fairfield road, is taking his place on the team.

Mr. and Mrs. Joseph Romano of Bristol, Wis., spent March 29 with their daughter, Mrs. Pearl LaBarbera of White Oak drive. Pearl gave her mother a permanent while they visited.

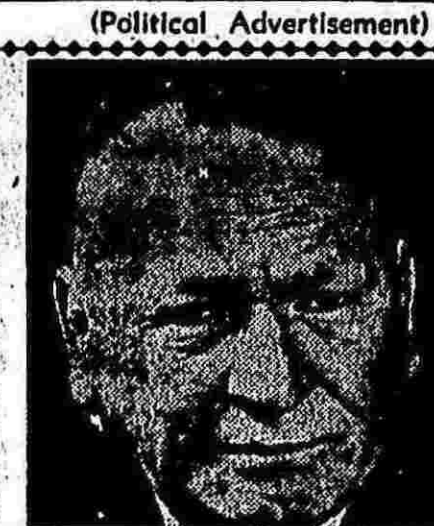

Willow Park is looking more like Willow lake since all the snow thawed. If they threw in some fish, we could go fishing there.

Mrs. Leroy Posson of South Thornwood drive gave a wedding shower for her niece, Marcia Helten, in St. Charles. The lucky young man is Everett Larson of Waukegan. About 31 guests were present. Mrs. Posson also gave a shower for another niece, recently. Mrs. Walter (Vera) Baler of Burr Oak Lane is the Lake Villa crusade chairman for 1960, for the Lake County chapter, American Cancer Society, Inc.

A Pictorial Look at the 1960 Flood

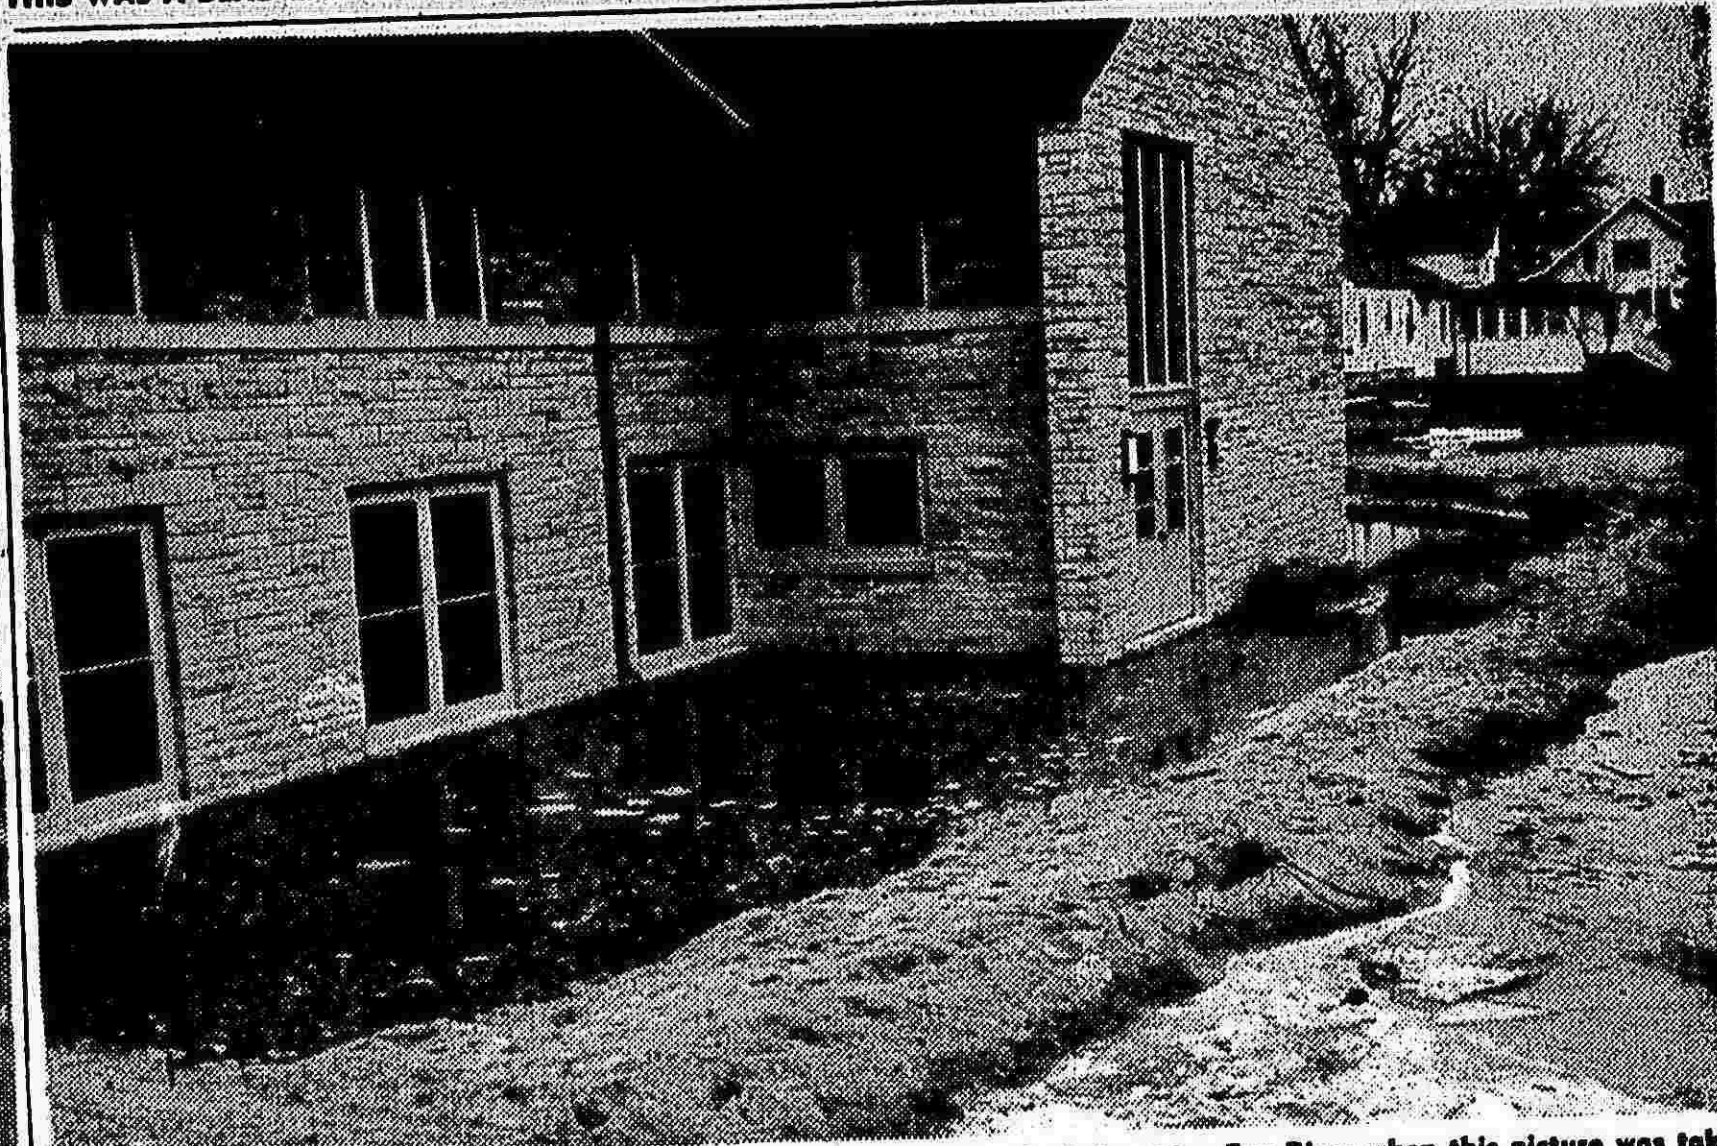

DEPOT STREET, ANTIOCH, east of the Soo Line tracks was flooded for several hundred feet as was Anita avenue going off to right.

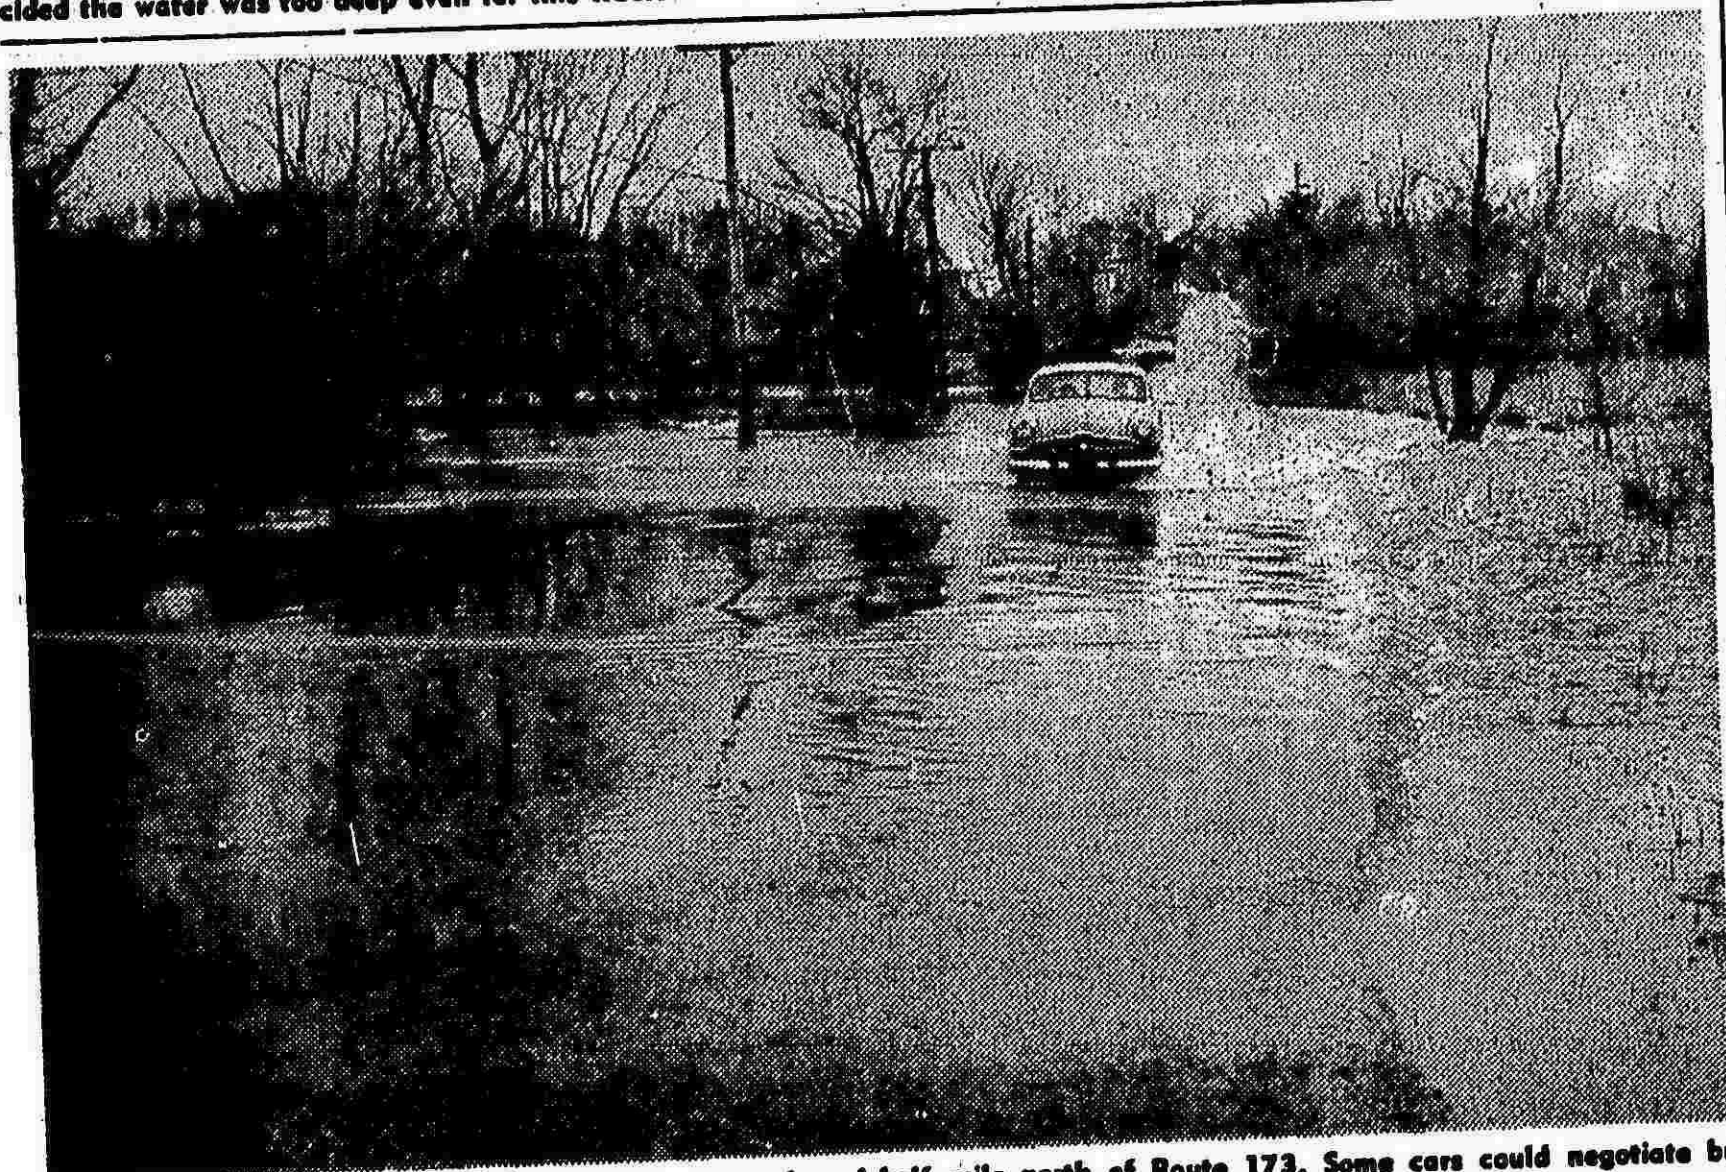

THIS WAS A DEAD END as the sign indicates, as far as vehicles were concerned. This is a section of Felter's subdivision.

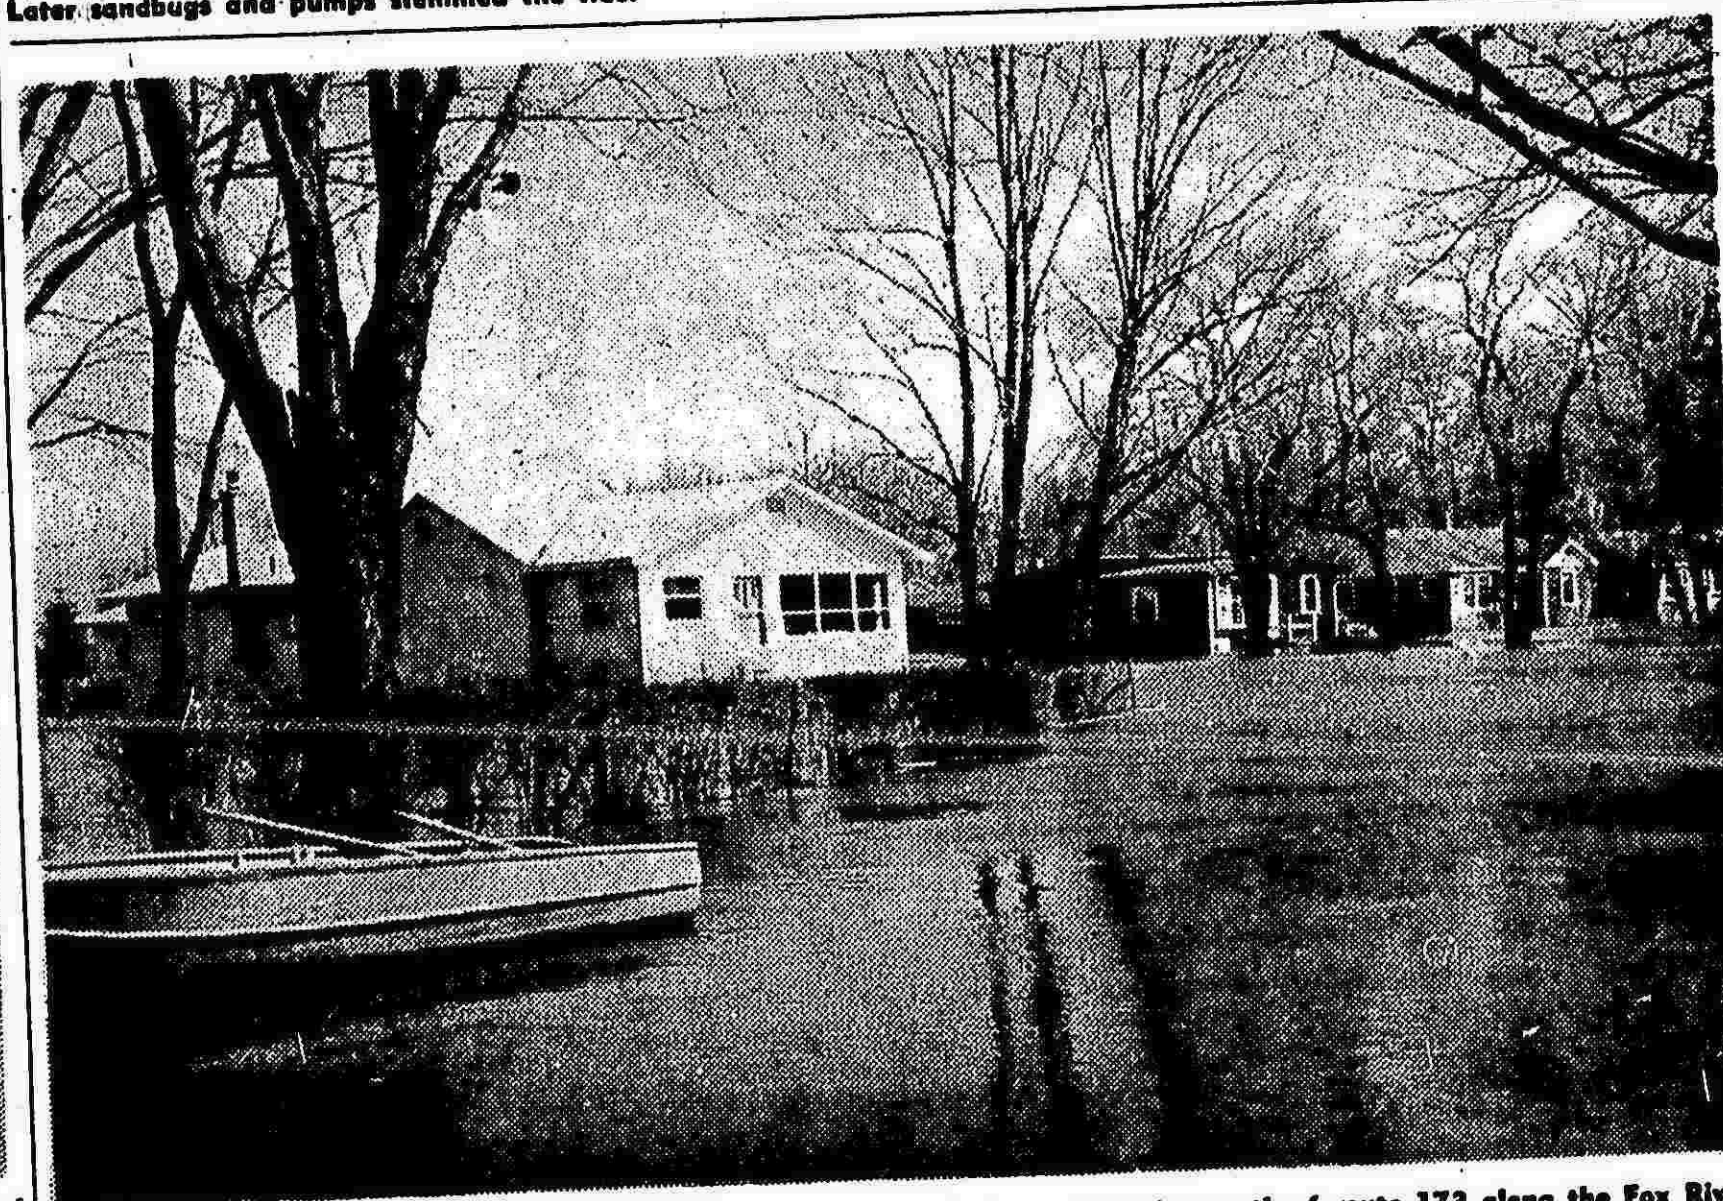

WILMOT ROAD along the Fox River in southern Wisconsin was this scene as a farmer (Floyd Memler) living nearby decided the water was too deep even for this tractor.

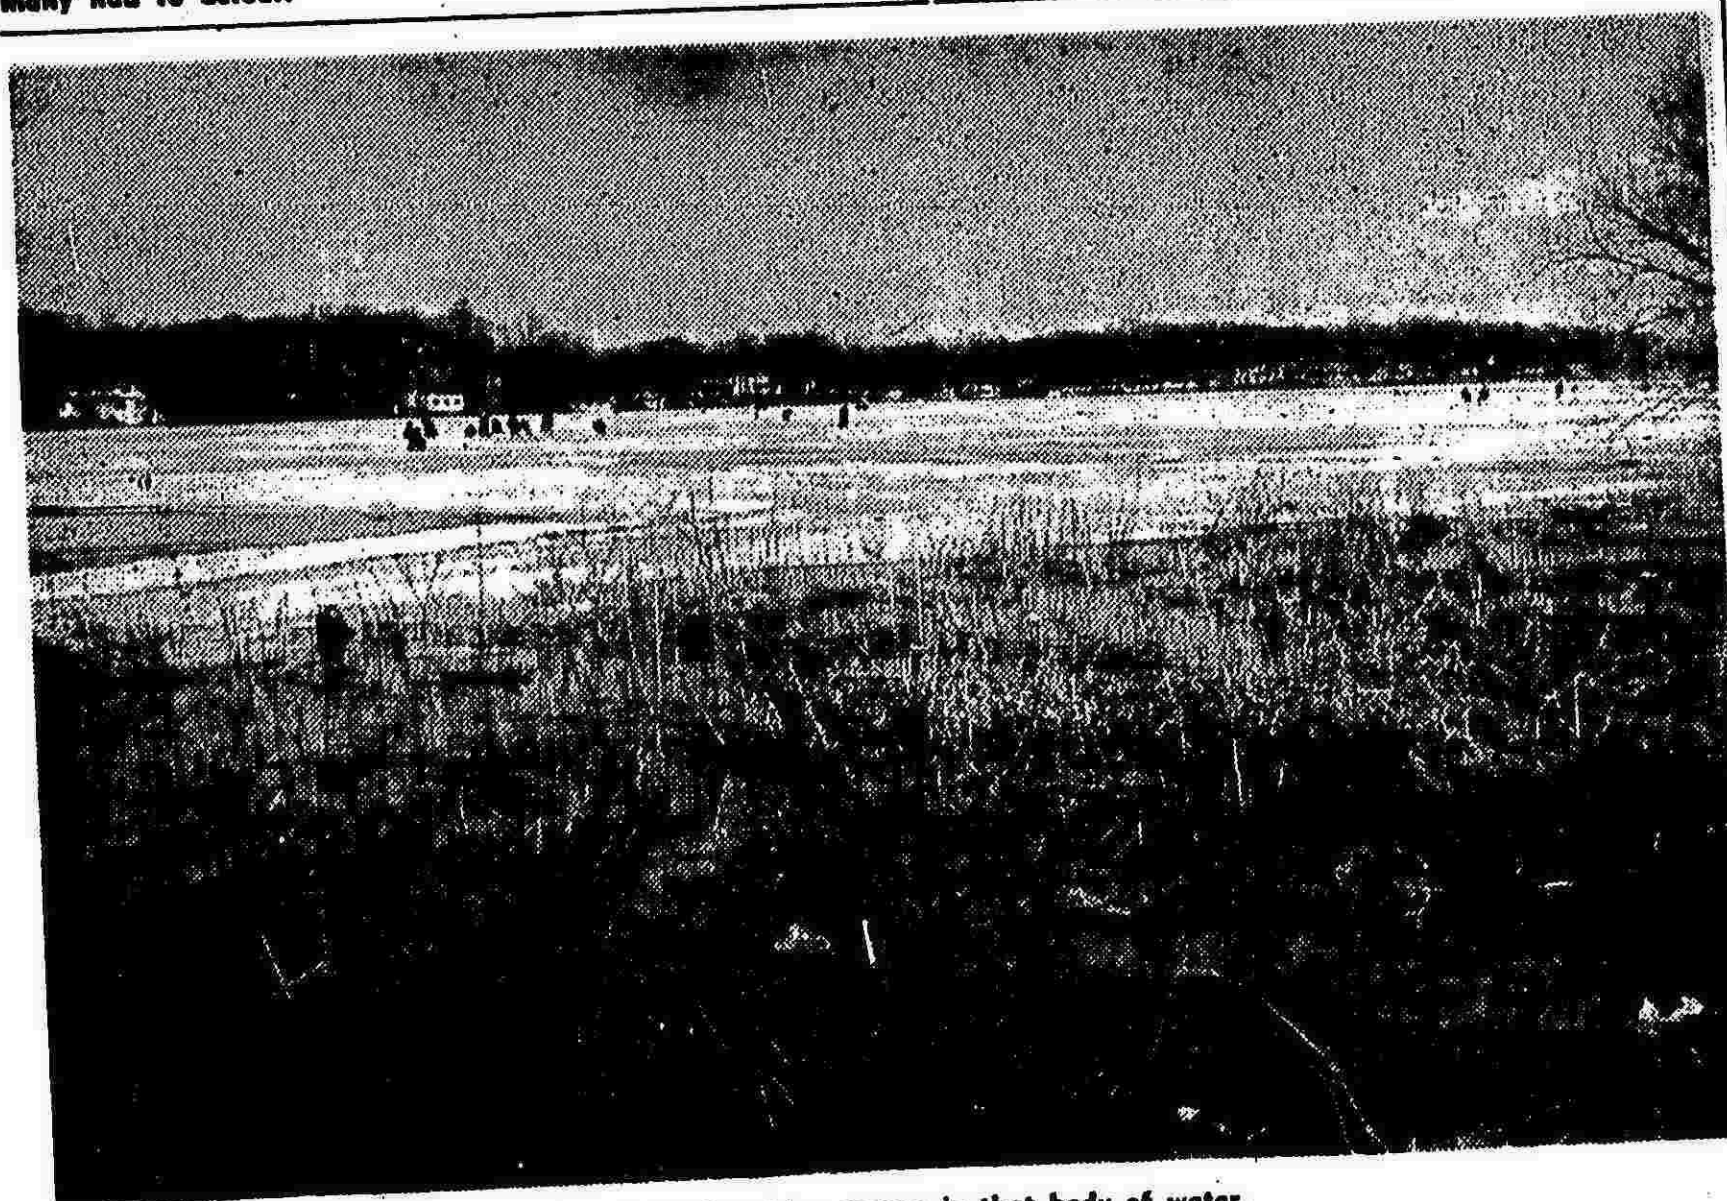

WILMOT'S LUTHERAN CHURCH was having trouble keeping ahead of the rising Fox River when this picture was taken. Later sandbags and pumps stemmed the tide.

LAKE AVENUE, CHANNEL LAKE, where water crossed road half mile north of Route 173. Some cars could negotiate but many had to detour.

BOATS WERE NECESSARY for moving about in the Fox River Springs subdivision north of route 173 along the Fox River.

ICE FISHING on Channel Lake continued despite rising waters in that body of water.

RESCUE OPERATIONS along Lake Avenue in Channel Lake were underway when this photo was taken late last week. The Antioch Rescue Squad responded to the call for aid and moved some families by boat to higher ground.

Many Forced to Flee Homes, Roads Flooded in Channel Lake District

By Mrs. Pearl Kapell
Phone Antioch 1837

CHANNEL LAKE—Usually, breaking records is a cause for celebration, but the record floods we're getting in Channel Lake area this spring are bringing hardship to a good many families.

Older residents agree that the water is the highest this spring they have ever seen it.

When the dam on the farm of Dr. Stanley Anderson broke last week, waters of the Fox river were allowed to enter the channel which flows through Woodcrest Subdivision.

The water rose swiftly, and developed a swift current unlike our usually placid channel.

Homes on the north end of Lake Avenue were quickly surrounded by water, and several families were forced to leave their homes.

Although the water was still rising Monday, most of these families have returned and have arranged some form of substitute heating to replace systems which were flooded out.

IN SPITE OF the hardships and general discomfort caused by the high water, the sense of humor of some of the residents remains high.

In front of the Martin Stankus home a neatly lettered sign nailed to a tree announces, "Wanted—Skin diving suit so we can pull the plug

from under the Piatrobohachki-mahoco Subdivision."

The name of the subdivision, by the way, is composed of the first two letters from the last name of every resident in the flooded area.

A couple of doors down, a sign in front of the Borgart home announces simply, "Goon Lake."

Lake avenue near the north end of the channel is flooded from just north of the bridge to a point about a block south. In places, the water is about two feet deep over the road.

ONLY TRUCKS were attempting to go through it Monday, and other residents north of the bridge are driving around the Wilnot road to get to Antioch or to take their children to Channel Lake to school.

The Wilnot road has about a foot of water over it at one point west of what was formerly the MacDougall farm.

Water at the south bridge on Lake avenue has risen to the bottom of the bridge floor but is not yet over the road. The Veltum family has been forced from their home by the high water at this spot.

In Woodcrest subdivision, many summer homes are surrounded by water, and the Otto Pieper family was forced to leave their home on Ash Street.

In Felter's subdivision, at least one family has been forced to leave their home, though the greater part of the subdivision is untouched by the water.

The subdivision's picnic grounds is under water, but the clubhouse is still dry.

IN CALIFORNIA subdivision, Lake Avenue is under water, and several homes on Second Ave. are surrounded by water.

Several residents on Second avenue have had to leave their homes because of the failure of electricity and heating systems.

On the west side of Lake Marie, Lotus avenue is partly under water, and some residents of this area have had to leave their homes. Rudy Palenik of Palenik's resort, reported the water steadily rising Monday.

Lake Marie is partially open, and Palenik stated that he believes the lake will be open by this coming weekend.

Channel lake is still frozen, except for a couple of open spots near the south end. Ice fishermen were still on the lake Sunday.

The Edwin Krupos, proprietors of Happy acres ranch on the east bank of the Fox river and route 173, suffered severe property loss when many of their boats, piers and picnic tables were swept away by the rising river.

Witwer Accused Of Supporting Adlai In 1948

NASHVILLE—Samuel W. Witwer, aspirant for the United States Senate on the Republican ticket, contributed funds to the 1948 election campaign of former Governor Adlai Stevenson, a Democrat.

The Chicago Tribune of Sept. 28, 1952, quoting the then Governor Stevenson, reports that Witwer gave \$68.00 to the Stevenson fund. William H. Rentschler, running against Witwer for the same office this week, addressed a luncheon given in his honor by supporters in Nashville. Upon learning of Witwer's support of Stevenson, Rentschler made the following statement: "I was frankly shocked to learn of Samuel Witwer's support of Adlai Stevenson. I had heard rumors linking Witwer to Stevenson earlier in this campaign, but I dismissed these as highly unlikely. Now it has been confirmed that Witwer contributed funds to Stevenson's 1948 campaign."

"On the basis of this information, Mr. Witwer's credentials as a Republican are seriously open to question. Here we have in our midst a self-styled elephant who brays in a most suspicious manner."

"In a primary election, a man's devotion to the principles of his party is a legitimate basis for judging his fitness as a candidate."

Antioch Man Charged For Negligent Driving

An Antioch man, Teofil Piskorz, 71, of route 1, has been charged with negligent driving following an automobile accident involving a taxicab and two women standing nearby in Waukegan.

Two Waukegan women, Candelaria Rivera, 33, and Jennie Dillon, 77, were taken to a Waukegan hospital for treatment. The taxi was being driven by William M. Oliver, 25, of Waukegan. The mishap took place at the Edison Court station of the North Shore lines.

Hints to Big Estate Sought in This Area

TUCSON, ARIZ.—A will-o'-the-wisp search is under way in Springfield, Ill., and Chicago suburban areas for two nephews of the late Charles Algort Andrews, one-time apple-picker and later a cabinet maker, who are wanted to claim his \$23,000 estate of which they are obviously unaware.

This became known here this week when Gordon L. Cox, probate genealogist, 135 South Fourth Ave., Tucson, who specializes in tracing missing relatives to settle estates, took over the hunt with Andrews' unusual middle name as a principal clue.

"The search is being centered in Springfield and Chicago suburbs," Cox said, "because Springfield is known to be an early family home, and the nephews sought lived near Chicago with their now deceased father, Harry Andrews, Charles Algort Andrews' brother."

"However, any other equally close (or closer) relatives, while doubtful, would share, and therefore the search goes back through the lineage of Charles Algort's father and mother, Peter Andrews and Christine, nee Nelson."

"The parents settled in Springfield sometime prior to 1878 when Charles Algort was born, with the family also including two brothers and two sisters."

"As late as 1956, Charles Algort Andrews told friends that his only two known relatives were the two sons of the brother Harry, and were supposedly living near Chicago."

"Routine searches through the Springfield and Chicago areas have failed to locate the members of the family, and we now hope to find people who may know where they are living."

The balloting immediately followed the speeches.

Office seekers for the Tory party were, for mayor, James Glendening; clerk, Karen Hodge; police magistrate, Theodore Drdla; and trustees, Edward Coats, Ann Lyman, Robert Bishop, Thomas Freund, Marianne Chuey and Steve France.

The following candidates represented the Populist party: For mayor, Kenneth Flaks, clerk, Jessica Gross; for police magistrate, Michael Bertolette; trustees, Charles Relitz, Robert Soderdahl, David Hodge, Pamela Walsh, Richard Kazlauskus and Bruce Kreuger.

Our Gal Sal Says

Try a Little Concentration

With all the spring cleaning lotions and potions The housewife has picked up some foolhardy notions. She feels that to do a job really thorough She must lug a load that would challenge a burro Of cleansers you rub on, you spray on or pour, And each does one job and not a thing more. Now what's the result of such specialization? Back aches, stiffness and devitalization.

But how can you clean without being a pack horse? Simple, my dears! Where there's will there's a course. Buy sal soda concentrated next time you shop— In solution you'll use it with brush, sponge or mop Or you'll use it to scour with, applying it dry And you'll wind up your cleaning unhaggard and spry For this single pound box saves you pep, dough and time In your annual battle 'gainst dust, grease and grime.

Cub Scout Pack 80 Enjoys 'Indian' Dancing, Awards Are Presented

(Contributed)
The regular March 31 Pack 80 Cub Scout meeting was highlighted by Indian dancing of an exciting and colorful nature.

Performers were the boys of Scout Troop 73 of Grayslake, led by Mr. White, who have had their Indian Dancers organized for a scout six months, but already have an impressive array of costumes and dances.

Awards for Cub Scouts earning them were presented after they were led out of a circle by the howling Indians.

The following boys graduated

from the Webelos den, and were presented by Cubmaster Earl Beese to their new Scoutmaster, Willard Ratz, of Troop 80, Grass Lake.

Karl Hawkins, Albert Babe, and Robert Sedivec also received a service star.

Next the painted Indians led out Karl Jennrich, to receive a Bear Badge; Robert Babe for a gold and silver arrow under Bear, John Alshouse, a gold arrow for Bear, and Karl Hawkins, a silver arrow for Lion.

Edward Jennrich was called out to receive dinner's bars, and service stars were awarded to William Cogdill, Bruce Pierce and Gerald Anderson.

Following the awards program was a movie of a trip around the state of Illinois, to many historic spots, filmed by the Illinois Bell Telephone Co.

This worthwhile movie showed how a family could have a wonderful vacation just traveling around their own state and viewing its scenic wonders.

Refreshments were served by mothers of Den 2 Cub Scouts, after a most enjoyable program which was certainly in keeping with the Cub Scout theme for the month—Illinois.

Displays by the dens, showing maps of states where their parents were born, places of interest they had visited in Illinois and related projects, were interesting for everyone to see.

Spring Vacation Set

Sessions at Antioch-Lake Villa high school will recess at 2:55 p.m. on Thursday, April 14, and reconvene at 8:30 a.m. on Tuesday, April 19, the school administration reminded parents and students this week.

This will be the spring vacation period, shortened somewhat this year due to the snow days of February.

School Election Slated Saturday At Channel Lake

By Mrs. Pearl Kapell

CHANNEL LAKE — Don't forget school board elections Saturday, April 9, both at Channel Lake School and at Antioch high school. There are four candidates for the Channel Lake board—Lee McKinney, Russell Roepensack, John Eckert and Richard Harland.

In the high school elections, Mary Chase is the only candidate from the Channel Lake area.

Voting at Channel Lake school will be from noon to 7 p.m.

Don't forget the meeting of the Community club at the school at 8 p.m. Tuesday, April 12. Mrs. Blaine Ring has kindly volunteered to serve as hostess, greeting newcomers and seeing that they get acquainted with their neighbors.

Mrs. Ring has also volunteered to pick up anyone who would like to attend the meeting but has no way of getting there. Her phone number is Antioch 1766.

The Community club is not a school organization, although meetings are held in the school and many of its projects are for the benefit of the children of the community.

All activities sponsored by the club are open, not only to children who attend Channel Lake school, but all the children of the community.

It was founded to meet the needs of the community as a whole, and will consider any worthwhile project suggested by a member which will benefit the community.

The club is especially anxious to gain more members among the group who have no children in school. So come and air your views, or just have pie and coffee with us.

John Kania, 57, brother of Edwin Kania and Mrs. Lewis Rogers, died in St. Therese hospital on March 31 after a long illness. Funeral services for Mr. Kania were held in Chicago at 9:30 a.m. Monday, April 4.

Mr. and Mrs. Emory Trussell are moving from Channel Lake to Camp Lake, Wis., in about a week. They will assist Mr. and Mrs. Russell Bruel in running a store at Camp Lake.

Ernie Scheuner broke a bone in his shoulder when he slipped on a patch of ice on the road and fell.

Girls Scouts of Troop 73 gave a tea for their mothers at the Channel Lake school on April 3. Each mother was presented with a small gift which her daughter had made at Scout meeting.

Ruth Trussell, who has been Girl Scout leader for some time, announced that her place would be taken by Marlene Bolton, as the Trussell family is leaving the community.

Mothers who attended were Mrs. George Smith, Jean Soby, Lorraine Lindblad, Lois Ward, Ruth Trussell and Marlene Bolton.

Girl Scouts present were Fay, Francis and Linda Smith, Linda Soby, Joan Lindblad, Viola Ward, Charlotte Bolton and Terry and Ceanna Portalski.

The Paul Chases returned to their home on April 1. The Chases left on January 10 for Texas and have travelled through parts of California, Arizona, New Mexico, Texas and Mexico on their long vacation.

In Tucson, Ariz., they visited the Carl Flowers, Mr. and Mrs. Vernon Runyard, and Mr. and Mrs. Vernon Rogers and Mrs. Rogers' mother, Mrs. Matz, all former residents of this area.

In Los Angeles, they visited the William Dowells, the Teddy Bradys and the Franklin Olson family.

Mr. and Mrs. Chase drove about 10,000 miles on their trip.

Remind College Students Of Qualification Tests

College students in Illinois will take the selective service college qualification test on April 28 at 23 testing centers in this state.

Applications for this test must be postmarked not later than midnight April 7, according to Willard A. Manning, Illinois director of selective service.

Applications are now available at any local board office and students are urged to apply early.

Scores made on the test help the local boards in considering students for deferment from induction in order to pursue college studies as undergraduates or graduates.

Purpose of student deferments is to give promising young men an opportunity to prepare themselves for careers in support of the national interest.

The senior class of Antioch high school is working hard on its production of the play "Dino" that is to be given this Friday and Saturday, April 8 and 9.

Bob Geake has the title role, Barb Poulsen has the largest female role, Sharon Dittman is the romantic interest for Dino.

Bob Martin is Dino's parole officer, Terry Plack is a social worker trying to help Dino.

As Dino's family we see Elaine Oaga and Larry Loecher. Tony, his younger brother is played by Joe LaRusso.

There are a number of smaller parts and many extras.

This three act play will provide an enjoyable evening for anyone, and tickets can be had from any of the cast members.

Last week the high school paper, "The Tom-Tom," played an April Fool joke on students. Headlines

Episcopal Church Lists Services For 'Holy Week'

Holy week begins at St. Ignatius Episcopal church with Palm Sunday, April 10, when there will be holy communion at 8, 9:30 and 11 a. m. Rev. Edmond Hood, rector, reminded parishioners this week.

Maundy Thursday, April 14, the annual prayer vigil will begin at 7 a. m. and will continue straight through until 12:01 Good Friday morning.

So all members of the parish will have an opportunity to attend holy communion on this day, the Eucharist will be celebrated at 7 and 9 a. m.

Mass of pre-sanctified will be held at 9 a. m. Good Friday and office of Evening of Prayer and Litany at 8 p. m. that day, April 15. Blessing of the new fire will be at 8 p. m. on Holy Saturday.

During Holy Week, holy communion will be celebrated each morning at 9 o'clock. In accordance with tradition, however, there will be no celebration of holy communion Saturday morning, April 16.

Rev. Hood also announced that the parish vestry will meet at 8 p. m. Thursday, April 14, in the basement of the parish hall.

Due to poor attendance, the usual Good Friday services from 12 to 3 p. m. are being discontinued. The parish bell, however, will be tolled at 3 p. m. and the church will be open all that day for prayer and meditation.

Easter Sunday services will be at 8, 9:30 and 11:30 a. m.

Large Crowds Enjoy Play at Lake Villa

Large Crowds Enjoy Play at Lake Villa

By Mrs. Bernice Bernau

LAKE VILLA—I'd like to give a little credit to the cast of the play "Desperate Ambrose" presented by the Masters and Mates of the Lake Villa Methodist church April 1 and 2 and attended by large crowds.

A very sleepy, lazy "Dan'l" was played by John Chmelir; a scared, shaky, brave? "Ambrose Groves" was Bob Smith, and a tough, rough "Homer the Kid" was also played by Bob Smith. A good looking fellow vaudevillian of Ambrose was "Bert Miller," played by Roland Lyons. Joe Botts made an excellent crooked "Sheriff Crandell" (He's a double for Edward Arnold). "Hoot Owl Pete," played by Bob Henderson, was a really tough guy, much in need of a shave.

Another tough guy was "Stinkweed" played by Al Flood. (He didn't scare me, though)

"Nancy and Ann Martin," the two sisters who furnished the love interest, were played by Marcy Rolin and her sister, Mary Jane. They were very starry-eyed.

Anne was for "Ambrose" and Nancy for Bert.

"Posie," portrayed by Betty Robinson, really stole the show. She was the young girls' maid in love with "Dan'l." (Dan'l and Posie were both dorkies.)

Dick Ruck had the joy of carrying the ladies' trunk and suitcases. Our own Lake Villa school teacher, Eloise Brown, made a wonderful "Beth Malone," the woman who was in love with Nancy's and Anne's dead uncle.

"Mrs. Sprool," played by Dolly Alderton, was a very good witness to a frame-up on "Ambrose." Clarissa Mellon as "Lena Sprool" was a teenage autograph collector.

Harold Newyear as the "Judge" had everyone laughing when he came out to marry the four "happy couples."

Everyone enjoyed the efforts of the cast, and will be looking forward to their next production. Dolores Chmelir did a fine job of directing and also Harriet Bailey as the prompter.

After the play the cast celebrated at Smart's restaurant.

THE SECOND TV SET

Quite a few folks have placed second sets in their recreational rooms or bedrooms. Naturally, the question arises if it's necessary to have a second antenna. Many folks visiting us at ANTIOCH TV had held off getting the second set because they thought two antennas on the roof would be too much.

Actually, you need only one antenna — even if you have three or four sets. We can install an inexpensive device called a "coupler" which handles the problem with great satisfaction.

1960 FACTS for REPUBLICANS

ILLINOIS HAS NEVER ELECTED A GOVERNOR FOR THREE CONSECUTIVE TERMS

Several have tried and all have failed.

A popular Republican Governor tried for a third consecutive term in 1948 and lost by 500,000 votes, dragging a Republican U.S. Senator and the Republican presidential nominee down to defeat with him, the latter by just 33,000 votes.

WHAT ARE THE FACTS ABOUT GOVERNOR STRATTON'S VOTE-GETTING ABILITY?

In the Republican landslide year of 1956, Stratton squeaked through by less than 37,000 votes, while Ike and Nixon were winning by 849,000 votes, Secretary of State Carpentier by 600,000 votes, and other Republicans by equally high majorities.

In the general election of 1958, the Republicans lost every state-wide race and scores of local contests. We also lost the State House of Representatives.

With all the power of office and patronage at his disposal, the third term candidate even lost Sangamon County.

This year the Democrats will go all out to capture the State Senate. If they are successful, we will be "Michiganized." The Democrats need capture just six additional seats to control the State Senate. Only strong leadership at the top can keep the State Senate Republican.

DO-IT-YOURSELF POLITICAL POLL

Obtain your own facts on the political situation in Illinois. Try asking any 20 people not on the State payroll how they feel about Stratton as a candidate. Then decide whether it is possible for him to be a winner in November. The answer is easy to come by—he could not win in November even if nominated; and therefore should not be nominated.

NEW LEADERSHIP NEEDED

Senator Hayes Robertson has the experience, ability, integrity and dedication of purpose to rebuild the Republican Party and lead it to victory, state wide and locally. As an able and experienced member of the State Senate he knows government. As a Republican township Committeeman he knows the problems and needs of precinct workers. As a successful businessman he knows administration and cost saving. As a lawyer he has a high respect for the law and its administration.

Hayes Robertson is qualified to make an outstanding Governor who will lead and revitalize the Illinois Republican Party.

NOMINATE HAYES ROBERTSON FOR GOVERNOR

Republican Primary, Tuesday, April 12th, 1960

THIS I PLEDGE —

- To establish a desperately needed new moral climate.
- To organize a State Crime Commission.
- To cut the cost of State Government by reducing the public payroll.
- To revise state purchasing practices by increasing competition in bidding.
- To remove the governor from the Budgetary Commission.
- To eliminate harassment of Small Business.
- To defend the Rights of Labor.
- To raise the Standards of our Mental Institutions.
- To improve Educational Opportunities.
- To amend the State Revenue Article and to prohibit a State Income Tax.
- To protect the Motor Fuel Tax Fund.
- To rebuild the Republican Party by restoring the responsibility.
- To keep Illinois Prospering.
